I Introduction

The Assessment Data Export Application (ADEA) was created to provide district and school personnel access to enrolled students' assessment scores. The application can return results for individual students in the form of an assessment result transcript. The application can also return results for all students enrolled in a school or district based on the assessment date or based on enrollment from the most recent ISEE submission.

Circumstances or situations which warrant the use of this application may include:

1. Newly arrived student transferring from an Idaho School District or Charter School
2. Data Analysis - how many students took the assessment, number counts by grade level, sort/filter by demographic group like male/female
3. Data file to import into student information system or learning management system
4. Recover data or access to test results no longer available (e.g. IELA)
5. Provide information for all currently enrolled students, regardless of where they originally tested
6. Provide access to all assessment results in a given year in one location

II Access to ADEA

Access to ADEA has been assigned to the following roles in the ISEE Application Admin Tool:

- Superintendents
- Superintendent Delegate
- School Principals

Any new staff assigned to these roles will inherit access to ADEA.

Access has also been assigned to the users with the following roles assigned in the ISEE Application Admin Tool as of July 31, 2016

- IDLP School Counselors
- AYP Test Coordinators

Any new staff assigned to these roles on or after August 1, 2016 must be manually assigned ADEA access in the ISEE Application Admin Tool.

For information about accessing ADEA, contact your district Technology Coordinator or see the following:

<http://www.sde.idaho.gov/tech-services/isee/training/general/Administration-Tool-Application.pdf>

III Using ADEA

1) Log in to the Assessment Data Export Application

Access Instructions

1. Navigate to the [ISEE Portal](#) and sign in. Contact your district technology coordinator to gain login credentials.
2. Choose “Assessment Data Export Application”, under the “My Applications” menu on the ISEE Portal homepage.

Home Individual Student Assessments Extract

Logged in As: klaraway@edu.id

Welcome to Assessment Data Export

The screenshot shows the 'Individual Student' entry form. At the top left is the IDAHO State Department of Education logo and the text 'IDAHO Assessment Data Export'. Below this is a navigation bar with 'Home', 'Individual Student', and 'Assessments Extract' (with a dropdown arrow). On the right of the navigation bar, it says 'Logged in As:'. The main content area is titled 'Individual Student' and contains two columns of input fields. The left column includes: 'EduId:' with a text box; 'Birth Date:-required' with a text box and a calendar icon; 'First Name:-required' with a text box; 'Middle Name:' with a text box; and 'Last Name:-required' with a text box. The right column includes: 'Prior Zip Code:' with a text box; 'Prior District' with a dropdown menu; and 'Prior School' with a dropdown menu. A 'Search' button is located at the bottom left of the form area.

2. Enter the Appropriate Information in the Individual Student Entry View

EduID: The EduID is not required but if the ID is available, enter it

Birth Date: Required Field. Use the calendar icon to select enter a birth date or enter it in with the following format – MM/DD/YYYY

First Name: Required Field. Enter the student first name

Middle Name: Enter the student middle name

Last Name: Required Field. Enter the student last name

Prior Zip Code: Enter the most recent zip code associated to the student’s home address

Prior District: Select the student’s most recently enrolled school district

Prior School: Select the student’s most recently enrolled school

The application will return results based on an 85% match student information in the EDUID Application. If information does not meet this match criteria, or if the information provided results in multiple students, the system will not return results.

The Individual Student Results returns the following:

1. The Student EDUID, Name and Date of Birth
2. Assessment results are displayed with the most recent year first (descending order)
3. All assessment scores associated to the specific school are displayed. If multiple school enrollments
4. The date of the assessment, student grade level, performance level, scale score and raw score are displayed if available in our state database.
For additional detail on a particular assessment, select *detail* to expand the display.
5. Each school year will display the district and school where the results were originally reported.
Only assessments taken in an Idaho Public District/School reported under the same EDUID will be returned.
6. A printer friendly version of the report is available by selecting *Export PDF*.
The PDF report will automatically expand details for every assessment.

V Assessments Extract

ADEA Home Page

1. To return results for specific assessments for the district, select Assessments Extract from the menu options on the top.
